

GALVARY CLASS ENJOYS BANQUET

Young Men of M. E. Church Hear Plea for Arousing Interest in Work.

F. W. ROWE IS SPEAKER

Declares Church Should Find Jobs for Youths and Take Interest in Their Welfare.

"The way to keep young men between the ages of 15 and 22 interested in church work is to see that they have jobs and to take an interest in their welfare after they go to work."

This was the statement of Representative Frederick W. Rowe, of Brooklyn, who was one of the principal speakers at the banquet of the men's class of the Calvary Methodist Episcopal Church Sunday school last night.

"When I went to Brooklyn to live, after leaving college, I took a class in our Sunday school," he said. "It had eight members when I began, but before long it began to grow, and it was not long before it was comprised of twenty-three youths."

"One of our prime movements there is the fact that all the boys not going to school are working for wages, and good wages, too. I have personally secured work for every member of my class. At no time has any member of it been out of work longer than two weeks."

Urges Help for Young.

"If you would add to your church and to this excellent class, help the young men and young women members of it to get jobs, because a means of livelihood is what we are all looking for, and if we can get it from our associations formed in our churches, then those churches will become more influential to both the community and to its members."

Representative Addison T. Smith, of Idaho, reviewed the church of yesterday with that of today, pointing out the dif-

HAIR GRAY? THEN APPLY Q-BAN

It Darkens Gray Hair Evenly—No Dye—Harmless.

Actually does—so you can see it with your own eyes—turn every gray hair in your head beautifully dark. If your hair is gray, streaked with gray, prematurely or just turning gray, or if your hair is dry, harsh, thin or falling, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Every strand of hair (whether gray or not) then becomes evenly dark, soft, lustrous, fluffy, full of life and health, full and heavy and fascinating, and so beautifully and evenly darkened no one could suspect you had applied Q-Ban. It is absolutely harmless and no dye. Ready to use, nothing to be added. Give it a trial. See for a big bottle at Riker-Hegeman Drug Store, 1006 F street, northwest, Washington, D. C.—Adv.

ference in the advantages to be gained at this time from membership to what was once the rule.

The club members heard a short talk from its new teacher, Rev. Dr. James Shera Montgomery, who told them that the change to the Calvary Church was acceptable to him and that he wanted to join their gymnasium as well as their Bible class and be a man with them as well as their pastor.

Cheers for Pastors.

Cheers of farewell were given for Rev. Dr. John T. Ensor and of greetings to Rev. Dr. Montgomery by the 200 members present.

Rev. Dr. Montgomery, who will assume charge of the pastorate of the church on Sunday morning, delivered the invocation at the beginning of the banquet. F. S. Holliger was the club's humorist for the evening in delivering a "few remarks," each with a twinge of fun at its ending. Music for the evening was furnished by William Clabaugh, A. B. Pierce, and the male chorus of members of the organization.

Rev. Dr. Ensor will go to Baltimore this week to assume his new duties as the superintendent of one of the Baltimore districts of the church. The seven-course banquet was served by the Women's Guild of the church, and each speaker lauded the members for the effort put forth.

New Officers Elected.

Prior to the banquet, the club met and elected its new officers for the coming year. They are: President, H. S. Ridgely; vice president, H. F. Carl; secretary, Harry E. Coleman; treasurer, C. T. Moore; Glenn, teacher, Rev. James Shera Montgomery. These officers will be installed next Sunday morning. They will take the place of the following set of officers who have served the club during the past year: President, N. L. Sansbury; vice president, J. L. Nuber; secretary, S. Howard Fleming; treasurer, J. H. Mackey; teacher, Rev. M. Ensor.

Those members present at the meeting and banquet were:

H. C. Amies, F. C. Austermuhl, C. E. Beckett, H. H. Beltz, C. W. G. Brett, H. T. Brian, M. L. Brittain, Adam Brown, F. B. Bryan, Howard Brown, A. Bogue, H. A. Burgess, Lewis V. Call, Dr. C. B. How About You?

—Are you ready for the new season? Will you be one of the style leaders or style followers?

The spring season is here—Baseball is on the horizon—Easter's but a few days off—Winter garb is as passe as the Christmas tree, ice skates and the rest of winter-time accessories.

The season is ready and the merchants of Washington are ready—Ready as never before with the new styles for the new season—It's time to dress up.

STEEL HARDENING NOW MADE EASIER IN U. S.

American Inventor Evolves Product to Substitute that Formerly Imported from Germany.

Announcement that American ingenuity had solved another industrial problem occasioned by the European war was made today by Secretary Redfield in a letter from a concern in Cambridge, Mass., that it had evolved a compound for use in the hardening and heat treatment of steel, to take the place of a compound which formerly had been imported in large quantities from Germany.

The letter, signed by Frank H. Pope, State auditor of Massachusetts, 1914, in part, reads as follows:

"As a result of American genius there is recorded another triumph over certain conditions engendered by the European war. Prior to the breaking out of that war there was imported into this country from Germany in large quantities a compound used in hardening and heat treatment of steel of all kinds, and because of the quality of work which it did it was highly commended and largely used. A short time prior to the beginning of that war a resident of this State had been experimenting with a case hardening compound."

"As a result of much experimentation there has been produced by an American inventor a compound which, it is confidently believed, cannot be surpassed for effectiveness."

Reichstag Boosts Stamp Prices. Berlin (by wireless) April 5.—Increases in the prices of stamps and telegrams were fixed by the committee on taxes of the Reichstag. The increases are three pennies on stamps for letters; two pennies for printed matter and two pennies for each word on telegrams.

SAVE YOUR HAIR! 25-CENT BOTTLE STOPS DANDRUFF

Every Bit of Dandruff Disappears and Hair Stops Coming Out.

Try This! Your Hair Appears Glossy, Abundant, Wavy and Beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength, its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Adv.

B. H. S. STUDENTS IN SHAKESPEARE

Celebrate Tercentenary by Producing "As You Like It."

PLAY WELL RECEIVED

Amateur Actors Show Result of Weeks of Training by Giving Finished Performance.

The first of a three nights' run of "As You Like It" by Business High School students. In keeping with their spring play program, as well as in celebration of the Shakespeare tercentenary, was given last night. The auditorium of the school was filled practically to capacity.

The student-actors showed their weeks of training under the careful tutelage of Miss Sibyl Baker and Miss Louise Kingsley in the initial performance last night. The play was given in the orchestra of professional musicians, under the direction of Joseph Finkel.

The play will be repeated tonight and tomorrow night. Practically all of the cast for tonight's performance have been reserved.

The leads in the play are taken by Evelyn Bright, as Rosalind, and Raynor T. Vaughn, as Orlando. The scenery was loaned by the National Theater through the courtesy of Mr. Sherwood.

Those Taking Part.

Charles Hart is general chairman of the program arrangements; Joseph Finkel, chairman of the music committee; Miss Louise Kingsley, coaching; F. E. Lucas, properties; Dr. A. L. Howard, tickets; Miss R. E. Shanley, advertising; Reuben Fink, scenery; Miss I. M. Campbell, costumes; Miss H. B. Bell, gymnasium dancer; Miss H. E. McNelly, reception and visitors.

The cast is: Adam, B. Edwin Joyce; Oliver, C. Albert Parker; Dennis, Myer Rosendorf; Charles Richmond, B. Keech; Celia, Ruth Molton; Touchstone, William E. Griffin; Le Beau, Samuel E. Moore; Duke Frederick, D. H. Wetzel; Duke Senior, A. D. Bailey; Amiens, Lester A. MRS. FRENCH'S KISSES DESCRIBED BY MAIL

Servant Testifies She Saw Architect Embrace Daughter of Gen. Robert J. Wynne.

(By International News Service.) London, April 5.—Mrs. Ida Marcelle French, who arrived in London from New York on Monday to fight the action of the King's proctor asking that the temporary divorce decree granted her be rescinded, gave evidence today denying alleged misconduct with Frank Mills Andrews, a New York architect and former husband of Pauline Fredericks.

Mrs. French, who is the daughter of Gen. Robert J. Wynne, formerly United States consul general in London, declared that Andrews had based his request that the decree be annulled.

CARRANZA MAY ASK WITHDRAWAL

First Chief Expected to Order U. S. Troops from Mexico if Pursuit Continues Long.

MORE TRUCKS ORDERED

Baker to Send 108 Additional Autos to Border—Half Million Dollar Mark in Expense Passed.

Strong hints that Carranza is expected soon to intimate to this government that the American troops be withdrawn from Mexico, were forthcoming yesterday from War Department sources.

The opinion was expressed that Carranza will not permit the army to roam at will in Mexico, if Villa is not captured quickly, and that he will take the position that the object of the expedition was practically accomplished when it dispersed the bandit forces.

The view apparently is held by the army chiefs that if Carranza had intended to permit the indefinite advance of the American troops he would have removed the physical difficulties which he has intimated prevent the utilization of his railroads.

Failure on the part of the State Department to obtain satisfactory arrangements from the Carranza government for the use of the Mexican Northwestern Railroad has cost the United States government more than \$500,000. And, in the opinion of army officers in Washington, it has cost the American expeditionary force in Mexico an incalculable loss of time in coming up with Villa.

Half Million Mark Passed.

The half-million dollar mark was passed yesterday when Secretary of War Baker gave orders for 108 additional automobile trucks to serve as supply wagons along the rapidly lengthening line of communications from the border to the territory in which the advance forces of the United States are operating.

While the War Department, according to Secretary Baker, now believes that it has sufficient automobile equipment in service and ordered to meet the present needs of the expedition, it has required the purchase of a total of 70 trucks averaging \$2,300 each, or a total of \$161,000. It is admitted that if Pershing is compelled to proceed much further down into Mexico more cars will have to be ordered, unless use of the railroads is obtained. The money already expended for automobiles has been taken out of the emergency appropriation of \$3,000,000 passed by Congress for the expenses of the Villa pursuit.

MEXICAN EXECUTION POSTPONED

Respite Granted Alleged Conspirators Pending Probe.

El Paso, Texas, April 5.—Six prisoners now in the Juarez quarter sentenced to death, charged with being instigators of a plot to swing the Juarez garrison to the Felix Diaz standard, were not shot this morning, according to schedule. A respite has been granted them, pending a further investigation, and Gen. Gavira said that although he had postponed the execution, it would take place and that when it occurred it would be a public affair, to serve as an example to others.

You Must Have Plenty of Iron in Your Blood to Be Strong, Says Doctor

Nuxated Iron Will Increase Strength of Delicate, Nervous, Run-down People 200 Per cent in Ten Days

In Many Instances, New York, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Sauer, a specialist of this city, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver, or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, until the patient is in a state of untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times a day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while double, and even triple, their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. They make no iron in the assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to inglorious defeat simply for the lack of iron.

NOTE.—Nuxated Iron recommended solely by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron conditions is widely prescribed by eminent physicians everywhere. Unlike the older impure iron products, it is easily assimilated, does not irritate the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturer has such great confidence in Nuxated Iron that he guarantees to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by J. M. O'Dell's Drug Store, Riker-Hegeman, People's Drug Store, and all other druggists.—Adv.

DEMOCRATIC LEADERS TO ATTEND BANQUET

State Chairmen from All Sections of Country Will Dine with Common Counsel Club.

Democratic State chairmen from as far West as California and as far North as Vermont, New Hampshire and North Dakota have accepted invitations to the Jefferson Day banquet to be given by the Common Counsel Club at the New Willard Hotel on April 13. The Democratic National committee men are also responding, and the committee in charge—Assistant Attorney General Thompson, District Commissioner Brownlow, and Assistant Secretary of Agriculture Vrooman—stated yesterday that it promised to be the most brilliant affair of the kind ever held in Washington, probably in the country.

In addition to President Wilson, the speakers will be Senator Walsh, of Montana, representing the West; Senator Hollis, of New Hampshire, representing New England, and Representative Carter Glass, of Virginia, representing the South.

Roland S. Morris, chairman of the Democratic State Committee of Pennsylvania, has asked his fellow State chairmen to meet in the parlors of the New Willard on the morning of April 12 for a conference as to the coming Presidential and Congressional campaign. It will be the first time such a gathering was ever held, and uniformity of method and closer co-operation throughout the campaign is expected to result. It is planned to have group gatherings first and then a general meeting of all the chairmen.

1,600 Railroad Men Strike.

New York, April 5.—Sixteen hundred men employed in the Mott Haven yards of the New York Central Railroad today went on strike. Their leaders assert that since noon 1,600 members of their union on the main line to Buffalo and the Harlem division to Brewster street.

JUNIORS BEAT SENIORS IN GEORGETOWN DEBATE

Negative Side Wins Argument Over Minimum Wage Question—J. V. Giblin Honored.

A debate on the minimum wage question between the senior and junior debating societies of Georgetown University Law School last night was won by the junior team, which took the negative side of the argument, and the individual prize of \$25 in cash was awarded J. Vincent Giblin, of Massachusetts, of the juniors.

James F. Rossiter, of Pennsylvania, president of the Senior Debating Society, presided. The senior debaters were Herbert Russell Young, of Texas, and Chester King Gould, of Alabama. The junior debaters were John Joseph O'Day, of the District of Columbia, and James Vincent Giblin, of Massachusetts. The senior alternate was Harry Clayton, of the District of Columbia. The junior alternate was John M. Derrin, of Pennsylvania.

Senator Albert Cummings, of Iowa; Senator George Sutherland, of Utah; and Joseph E. Davis, chairman of the Federal Trade Commission, were the judges. Last night's affair was the third debate of a series of four, the last of which will be held on the subject of Mr. Giblin, winner of the individual prize, will compete with the winners of the other three debates for a cash prize of \$50.

Maine Moosers for T. R.

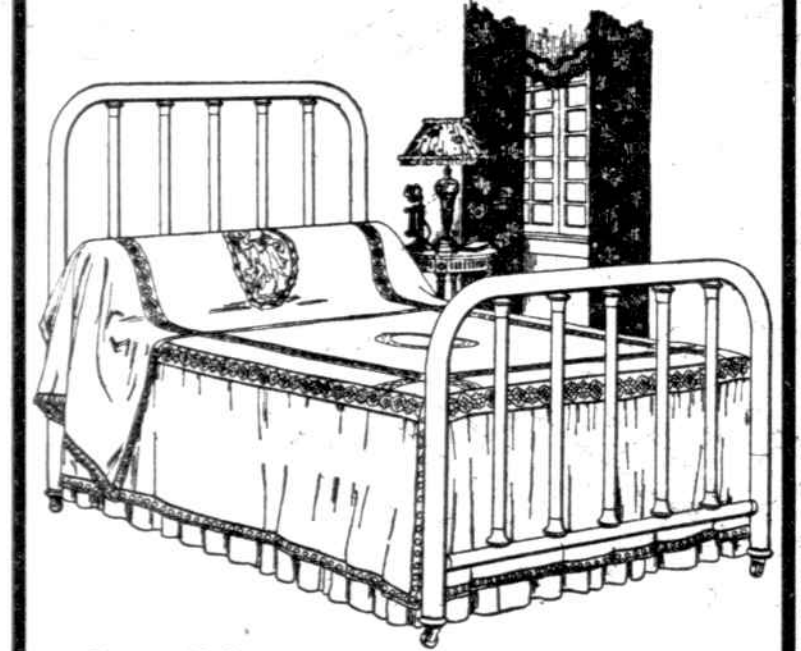

Bangor, Maine, April 5.—Cheering Theodore Roosevelt as the "superman" capable of directing the American people and their government through the troubled times ahead, the Progressives of Maine, in the State convention today, voted to continue their fight upon stand-pat.

It is quite likely that at no distant date all the amateur wireless stations in this country will either be abolished or will be operated under strict governmental control.

A Great Responsibility.

THE responsibility attached to the preparing of a remedy for infants and children is undoubtedly greater than that imposed upon the manufacturer of remedies for adults whose system is sufficiently strong to counteract, for a time at least, any injurious drug. It is well to observe that Castoria is prepared today, as it has been for the past 40 years, under the personal supervision of Mr. Chas. H. Fletcher.

What have makers of imitations and substitutes at stake? What are their responsibilities? To whom are they answerable? They spring up today, scatter their nefarious wares broadcast, and disappear tomorrow.

Could each mother see the painstaking care with which the prescription for Fletcher's Castoria is prepared: could they read the innumerable testimonials from grateful mothers, they would never listen to the subtle pleadings and false arguments of those who would offer an imitation of, or substitute for, the tried and true Fletcher's Castoria.

Children Cry For Fletcher's CASTORIA

Extracts from Letters by Grateful Parents to Chas. H. Fletcher.

G. J. English, of Springfield, Mass., says: "It was your Castoria that cured my child."

Mrs. Mary McGinnis, of St. Louis, Mo., says: "We have given our baby your Castoria ever since she was born, and we recommend it to all mothers."

N. E. Calmes, of Marion, Ky., says: "You have the best medicine in the world, as I have given your Castoria to my babies from first to last."

Mrs. Albert Ugusky, of Lawrenceburg, Ind., says: "As I have had your Castoria in use for nearly three years, I am pleased to say it is just as represented. My children are both well and happy—thanks to Castoria."

R. P. Stockton, of New Orleans, La., says: "We began giving your Castoria to our baby when he was eight days old and have kept it up ever since, never having had to give any other medicine."

Mrs. Dolph Hornbuckle, of Colorado Springs, Colo., says: "We commenced giving your Castoria to our baby when she was four weeks old. She is now seven months and weighs 19½ pounds. Everyone remarks: 'What a healthy looking baby.' We give Castoria credit for it."

GENUINE CASTORIA ALWAYS BEARS the Signature of Chas. H. Fletcher.
